

Appl. № 10/754,800

Amdt. dated: Nov. 09, 2006

Reply to Office action of Sept. 20, 2006

Amendments to the Specification:

The amendments to the Specification are accomplished in compliance with the comments and outstanding requirements of the Expertise (Office action of 09/20/2006). The amendments to the Specification (including minor amendments to the Abstract of the disclosure) are attached hereto at 21 pages. This amended Specification includes no new matters. All the amendments to the specification and insertions of the additional explanatory text therein are fulfilled in accordance with the "Amendments in a Revised Format Now Permitted" [1267 OG 106 (2/25/03)], where the deleted matters are shown in the strikethrough or double brackets format, and added matters are shown in underlined format. This amended Specification (including the Abstract of the disclosure) will replace the prior versions of Specification of the application: "Method of Defense-in-Depth Ultrasound Intrusion Detection".

Respectfully submitted, CTRL Systems, Inc.
